

Pow Laboratories Inc. Repairs & Relines

Tomorrow's
Technology,
Today.

ISO 9001:2008 Certified | 2015

At Pow Laboratories we continually strive to provide consistent quality and service at a reasonable price. We know that quick turnaround times on relines and repairs are critical to both you and your patient. Patients want to know how long they will be without their dentures, so

we have completed a chart so that you may provide this information to your patients. Patients can also choose to have their dentures cleaned while having other services performed. Please call contact our team for more information on this service for your patients.

Turnaround times are to be used as a guideline.

Simple Repairs

- Fracture • Denture in 2 pieces • Refix tooth • Tooth Addition on Acrylic Partial Denture or Complete Denture
 - Clasp addition on acrylic partial denture • Reline full or partial • Denture Cleaning
- Picked up AM – Returned PM – Same Day • Picked up PM – Returned AM – Next Day**
(Single repairs only, combination repairs may require more time in the lab)

Complex Repairs

- 2 – 3 teeth • Laser weld • Tooth and a clasp addition • Tooth addition and reline
 - Clasp addition and reline • Combination repairs
- Picked up AM – Returned AM – Next Day • Picked up PM – Returned PM – Next Day**

Full Day Repairs

- 3 or more teeth • Tooth addition on casting if weld needed • Soft Relines full or partial
- Picked up PM - Returned AM - 2 days later (eg. Picked up Monday PM returned Wednesday AM)**
- Cusil gasket repair & Flexible Partial denture repairs – please call for return time

Cast and Weld Repairs

- Large cast and weld. Please add 1/2 day in lab if case also requires a tooth addition
- Picked up AM – Returned PM – 3 days later • Picked up PM - Returned AM – 3 days later**

~ All repairs have a 60 day warranty ~

These turnaround times are to be used as a guideline. Occasionally turnaround times may be extended due to the nature or severity of the repair, in which case we will contact your office after an in-lab consultation. Please call our Customer Relations representatives and they will be more than happy to give you a return date or pre-book your repair.

For phone consultations and more complex information, please call:

Brian Gallman R.D.T., Frank Rilett, R.D.T., or Hassan Solker, R.D.T. at 1-800-265-4052.
